The church of San Biagio is not far from Villa dei Cedri. One of the oldest churches of Bellinzona, it was transformed several times in the Baroque age and restored in 1912. The square bell tower and the facade's monumental fresco depicting St. Christopher are quite impressive. The interior has frescos on the side columns and figures of Apostles and saints on the walls. Very interesting a painting of the Virgin and child signed "Domenicus di Lugano".

Dating back to the 16th century, the granite stoup is an artwork of local artists.
